ACCIDENTA

Accident Insurance

The made-to-measure accident insurance offers you and your dependants financial security with capital benefits.

ACCIDENTA accident insurance is suitable for everyone, either as an independent accident insurance or as a supplement to mandatory accident insurance.

ACCIDENTA	Monetary benefits in the event of disability or death resulting from an accident
	Insurance sums selected on an individual basis
	Benefit regardless of other insurance policies
	Progressive payments adjusted to the degree of disability
	Worldwide validity

Progressive payout in the event of disability

According to the degree of disability, you receive more benefits than what was insured. For a disability of 100%, for example, more than three times the chosen insurance sum is paid out.

The following example shows the progressive payment with an insurance sum of CHF 100,000:

Degree of disability	Disability with progression	Insurance sum	Effective payout
25%	25%	CHF 100,000	CHF 25,000
50%	100%	CHF 100,000	CHF 100,000
75%	225%	CHF 100,000	CHF 225,000
100%	350%	CHF 100,000	CHF 350,000

Payout for accidents resulting in death

If the insured person dies within the space of five years from the consequences of an accident, the insurance sum will be paid out after the deduction of any disability compensation that has possibly already been provided for the same accident.
