CONCORDIA
Bound by trust

Professional advice, privileged treatment

The first class medical service concordiaMed premium is available exclusively for privately insured persons.

Health advice and emergency service round-the-clock, worldwide

Whatever you expect from your health insurance, concordiaMed premium offers it. A professional team, consisting of medical experts and specialists, are at your disposal round the clock by telephone for questions regarding health – worldwide, and at no cost.

Reliable service, first class care

In the event of illness, you receive first class medical advice and personal care. Doctor appointments, spa cures, rehabilitation, Spitex service and other things are arranged and organised for you. In case of emergency, concordiaMed premium procures immediate medical care – worldwide, and around the clock.

Privileged care

As a privately insured person (with PRIVATE Hospital Insurance), you are guaranteed to receive direct access to leading doctors and clinics. You benefit from worldwide private insurance coverage for inpatient treatments in the hospital. Therefore, keep your personal gold card with you at all times.

Data protection guaranteed

The medical care arranged by concordiaMed premium is only available to clients of CONCORDIA. Consultations are subject to medical confidentiality. The medical data are not passed on by concordiaMed premium.
