Checking Invoices

Taking a closer look pays off

Here is how you can check your invoices:

- 1 **Date of treatment: Are the specified dates consistent with the dates in your appointment book?**
- 2 **Tariff number: Is this medicine or a consultation?**
- 3 **The amount invoiced per tariff position:**
 - Is the duration of the consultation that has been invoiced correct?
 - Did you receive the number of packages of medicine or materials mentioned?
 - Were the invoiced benefits (e.g. an X-ray examination) rendered?
- 4 Charge point of the medical service
- 5 Charge point value of the medical service
- 6 Charge point of the technical service
- 7 Charge point value of the technical service
- 8 Amount of each tariff position; sum of the medical and technical services
(number x charge points x charge point value)
- 9 Individual totals for the different areas in CHF
- 10 **Emergency surcharge: During the specified time, did you have an emergency treatment?**
- 11 Total amount of the invoice
- 12 Medical services
- 13 Technical services
- 14 Medicines and medical aids

Checking Invoices

I found a mistake in the invoice. What should I do now?

The best thing to do is to make a note on a separate sheet of paper and send this together with the copy of the invoice to your CONCORDIA agency.

If you have any uncertainties, please give us a call at 041 228 01 11. Our team of specialists for checking and controlling benefits would be happy to assist you.

The doctor/hospital has sent the invoice directly to CONCORDIA, and I did not receive a copy. What can I do?

You can ask directly your doctor or hospital for a copy of the invoice.

How can I receive a copy of the invoice from my doctor or hospital in the future?

Fill out the coupon below and give it to the doctor/hospital. In the future, you will automatically receive a copy of the invoice. Please forward the copy of the invoice to CONCORDIA only in the event that you detect discrepancies.
